

COMPETITION GUIDELINES

DATA STORM 6.0

CRITICAL ANALYSIS - INSPIRED SOLUTIONS

TEAM REGISTRATION

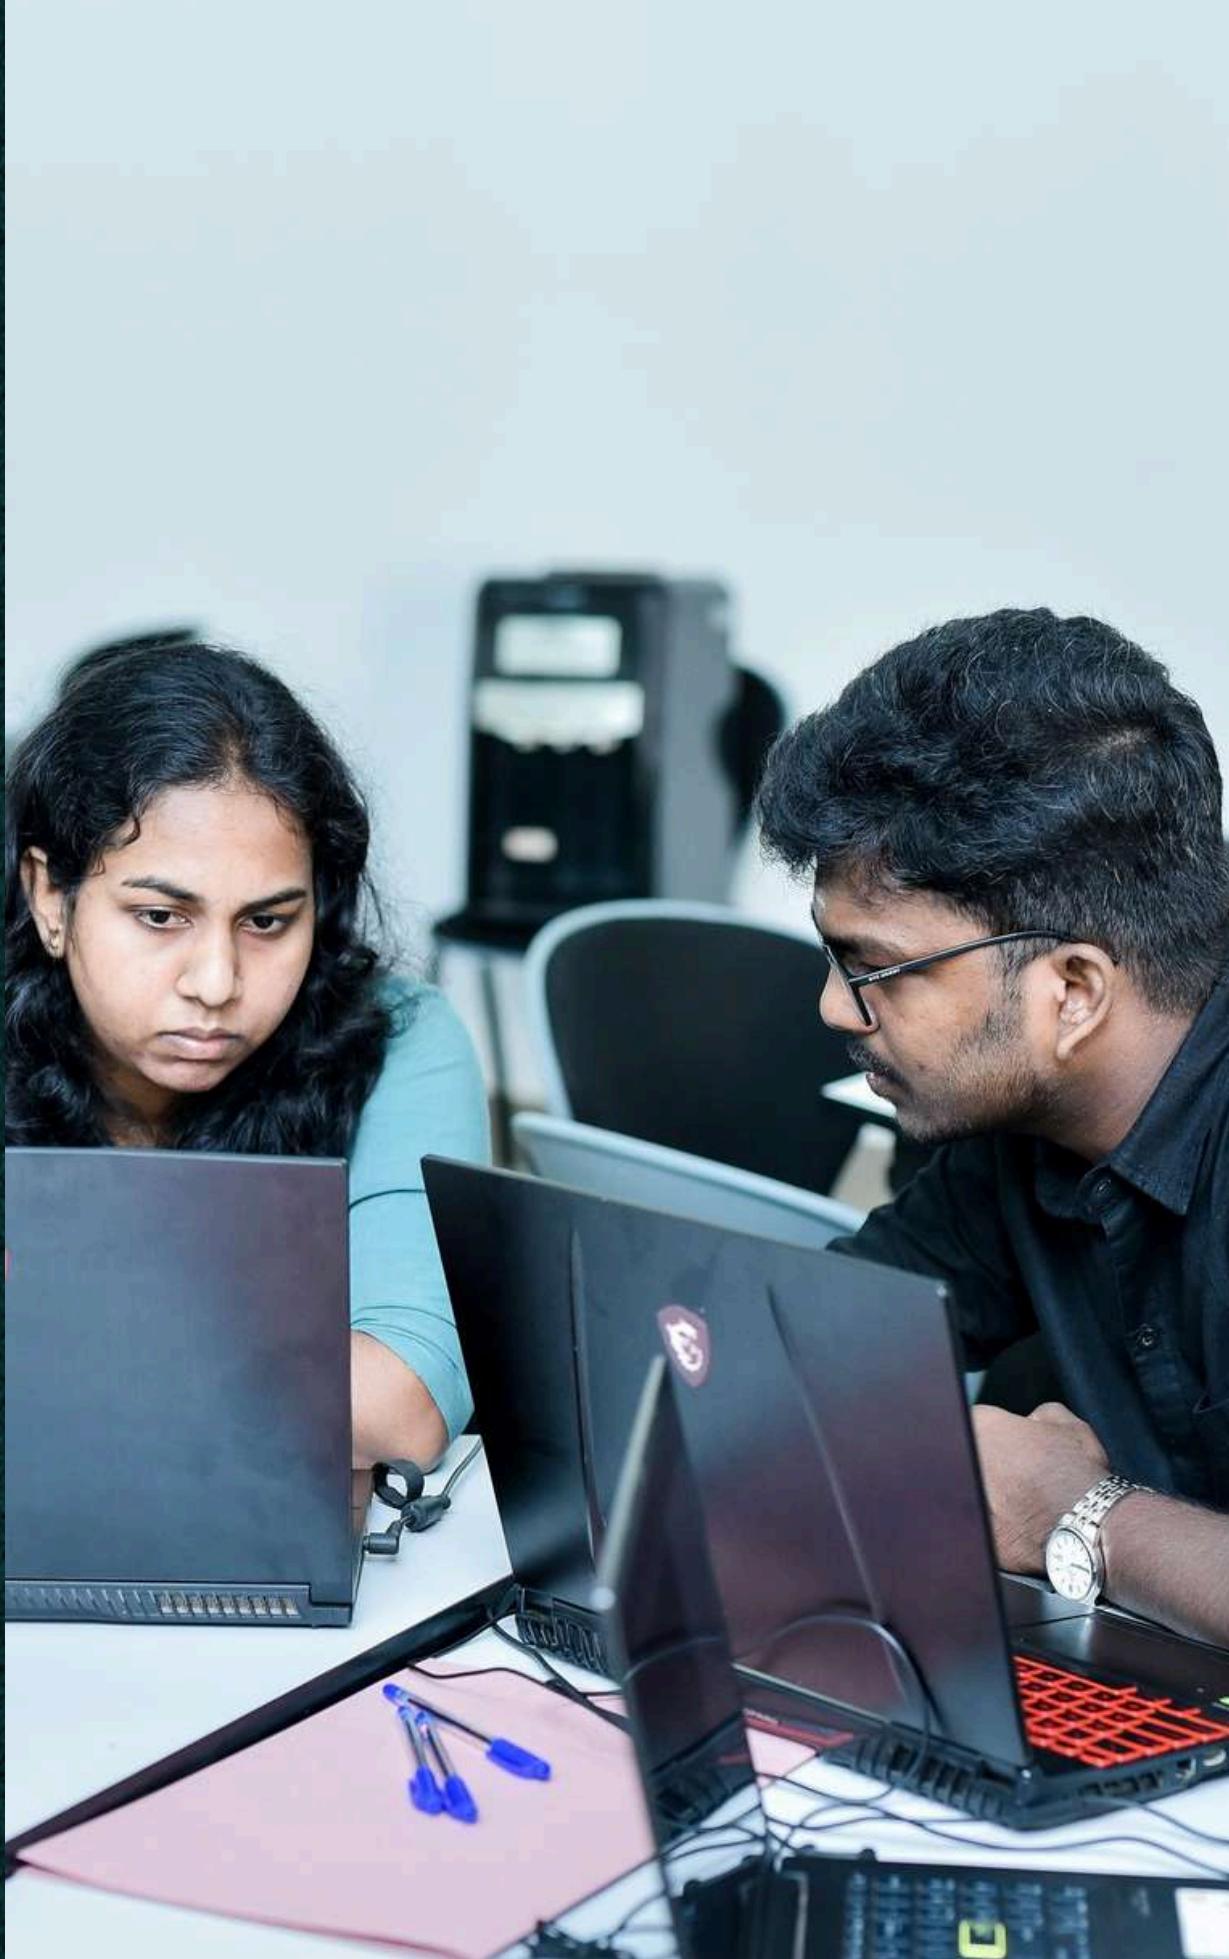

- A team should consist of a minimum of 2 members and a maximum of 3 members.
- Registration is open from the 12th of April until the 01st of May 2025.
- Participants can be undergraduates of state and private universities, and students of other educational institutes, Questions are case study oriented.
- There may not be one clear answer, in which case, a justifiable, efficient, and innovative approach to a solution will be expected.
- A general awareness of Data Analytics Algorithms, Data Analytics Tools and Software will be sufficient as a background requirement for the contestants. (Refer to the Preparation Guide [here](#))
- All teams must register through the registration link on or before the closing date. Stay in touch with our Facebook page for more information.
<https://www.facebook.com/DataStorm.rotaractmora>
- There will be a section requesting the CVs of each member in the registration form. Providing them is not mandatory but will prove to be beneficial for well-performing contestants who would be willing to get in touch with OCTAVE – John Keells Group, in the future.

STORMING ROUND

- Prior to the Storming Round, an informative webinar known as Masterclass 1.0 will be conducted to all the registered teams in order to emphasize the knowledge and training that is required to properly tackle the given case study.
- Storming Round will be an online round hosted on the Kaggle platform.
- Storming Round will be conducted from the 11th of May to the 17th of May.
- Any act of cheating or misconduct, if proven, will be penalized by immediate disqualification.
- A comprehensive case study will be posted by the platform moderator on the 5th of May
- The evaluations of the submissions will be done via the Kaggle platform.

- This report will be a summary of how your team faced the Storming Round, and it will be evaluated by an independent panel of judges.
- The marks of the report(50%) and the marks from the Kaggle submissions (50%) will form the total score for a team in the Storming Round.
- The top 10 teams will be considered as the finalists.
- At the end of the Storming Round (by the 7th of May), each team will be required to submit a written report, which summarizes the problem they identified, the approach they followed to solve the problem, and the tools and programs they used to analyze the data.

FINALE ROUND

- Prior to the final round, mentoring sessions will be conducted for each finalist team by industry experts.
- This will be a valuable opportunity for the competitors to build connections that can benefit their future career prospects.
- A few days before the finals, each team will be informed of a new business problem. Based on this, they will need to follow the necessary steps, create a comprehensive report, and prepare for a business pitch.
- During the finals, each team will be given 10 minutes to pitch their findings to a panel of judges, followed by a 10-minute Q&A session.
- The finals will be live-streamed on the official Data Storm Facebook page of Rotaract Mora.
- The top 3 teams will be selected based on their business solution, report, and pitch
